

Every Name Index to Southeast Grove Cemetery (containing 210 records)

This cemetery is located in Eagle Creek Township on 155th and South Grove Road. Take Indiana Avenue to 153rd Avenue then east 2 miles. Go across I-65 and turn right on the next road to approximately 15501. It is hard to find but keep watching on the left side of road for the opening into the cemetery. If you get to the intersection you have missed it.

The cemetery was originally surveyed by Mrs. Joseph Brown and Mrs. Waldon A. McBride on November 8, 1953. The survey was updated on September 18, 1992 by Ed and Doris Brozak of the Northwest Indiana Genealogical Society. The cemetery was in nice condition about 1986, but vandals have damaged many of the stones which made it extremely hard to read. Thus, some of the information from the previous recording has been used for the updating.

In T. H. Ball's book titled *Lake County 1834-1872* he states "The cemetery is near the school house, near where a church should be built, it is fenced and deeded. It contains one of the finest gray marble monuments in the county, erected to the memory of Otto F. Benjamin, a very promising young man, who died suddenly, at the school house where he was teaching, in 1871. There were only two burials at South East Grove until 1843."

The first row of tombstones is located by the fence on the left side of the cemetery.

This is only an every name index.
