

Every Name Index to West Creek Cemetery (containing 739 records)

West Creek Cemetery is located on Calumet Avenue, west of Route 41, in West Creek Township, Lake County, Indiana. The cemetery is well kept by the township. There is some evidence of vandalism. Many of the stones have been patched and remounted, which makes some of the stones very difficult to read.

The cemetery was originally surveyed by Avis Bryant Brown and Frances Helmerick McBride in 1956. Doris and Ed Brozak of the Northwest Indiana Genealogical society read the cemetery in 1992.

This is only an every name index.
